Research Fellowship – 1 vacancy

Within the project - MAR-01.03.01-FEAMP-0050 SEAFOODQual

Ref. ^a: CCMAR/BINGAM/12/2022

The Centre for Marine Sciences (CCMAR) opens one (01) Research Fellowship for a person with a Master Degree (Bolsa de Investigação não conducente à obtenção de grau académico para mestre), for applicants of any nationality, including stateless candidates, and holders of political refugee statute, in the scientific field of **Biological Sciences** within the research project: SEAFOODQual -“*Aplicação de Tecnologias Inovadoras e Sustentáveis de Processamento e de Monitorização de Qualidade de Produtos Alimentares do Mar*” reference MAR-01.03.01-FEAMP-0050 cofunded by the Operational Programme Mar 2020, Portugal 2020 and the European Union through the European Fund for Maritime Affairs and Fisheries under the following conditions:

Host and Contracting Institution: CCMAR

This fellowship is intended for Master’s Degree holders that are enrolled in a non-academic degree course, integrated in the educational project of a higher education institution and developed in association or cooperation with one or more R&D units at the starting date of the fellowship.

Work Plan, Tasks to perform and objectives:

The SEAFOODQual project will study the application of innovative and sustainable technologies of processing and quality monitoring of sea food products, aiming to extending shelf-life and improving seafood product quality and safety.

Specifically, the fellowship holder will be involved in the following tasks:

1. Take an active role in the working group and be responsible for the assigned tasks included in the project.
2. The BI fellow will be responsible, together with other members of the project team, to participate in the execution / execution and ensure the continuity of the various tasks included in the current project, namely:
 - a) Development and validation of novel biomarkers (protein, microbial) for seafood (fish and shellfish) quality and safety monitoring (Task 2), through proteomic/metagenomic (microbiome) technology and protein related immune-technics targeted allergenicity assessment;
 - b) Commercial on-site monitoring of the sea food products and the cold chain management controlled by Smart labels, using quality and safety protein/microbial biomarkers coupled to protein related immuno-technics and Q-PCR (Task 3);
 - c) Activities of technology/knowledge transfer and outreach (Task 3) in the context of the project objectives;

	CENTRO DE CIÊNCIAS DO MAR DO ALGARVE	IP.CCM.008
	Anúncio de Bolsa	REV.: 02
		PÁG: 2 de 6

3. Execute proteomic/metagenomic (microbiome) analysis activities, mainly in sample preparation and in the metadata resulting management and analysis and prepare scientific activity reports targeting the biomarkers.
4. Support the activities of validation and implementation of biomarkers (protein/microbial) for seafood quality and safety monitoring through procedures in molecular biology applied to protein and nucleic acids analysis (extraction, quantification, gel electrophoresis, Q-PCR and others) and also Immunoassays targeted allergenicity assessment (western blot, ELISA, immunohistochemistry).
5. Develop activity reports, collaborate in the development of protocols of standard operating procedures in the context of the project and be responsible for rigorous sample management.
6. Collaborate in writing scientific articles and participate in other scientific dissemination events and outreach (Task 3.4).
7. Support the technical training of students, internships and other research fellows included in the project team.
8. Provide general support related to the research project in the operation of the platform of recombinant proteins and biosensors (ProtMar) at CCMAR, where the project is based.
9. Update relevant professional skills to support research excellence and get availability to travel to collaborating institutions in Europe.

Scientific Supervisor:

Dr. Liliana Anjos Guerreiro (auxiliary researcher) at UALG/CCMar and Professor Dr. Deborah Power (group leader and full professor) at UALG/CCMar

Work place:

The workplace is CCMAR (Gambelas Campus of the Algarve University, Faro, Portugal).

Requirements for the application:

Applicants must meet all the conditions stated below:

1. Have a Master Degree in Biochemistry, Biotechnology, Molecular Biology, Biology or related fields.
2. Have official permission to manipulate human samples.
3. Have immediate availability (this information should be explicit in the motivation letter).
4. This fellowship may only be granted to those who do not exceed, with the conclusion of the present fellowship contract, an accumulated period of two years in this type of fellowship, consecutive or otherwise, to be confirmed through the candidate's CV.
5. The candidate must agree to enroll / or be enrolled in a non-academic degree course offered by a higher education institution and developed in association or cooperation with

	CENTRO DE CIÊNCIAS DO MAR DO ALGARVE	IP.CCM.008
	Anúncio de Bolsa	REV.: 02
		PÁG: 3 de 6

one or more R&D units at the start of the fellowship. Enrolment at the time of application is not mandatory.

Non-compliance justifies exclusion from the procedure.

It is considered as an advantage:

Work experience in a scientific research laboratory will be valued. Of specific interest is a career track with demonstrated expertise in several of the following activities: 1) quantitative proteomics and metagenomic (microbiome) analysis and bioinformatics related tools (sample preparation, management and analysis of metadata, experience in excel and statistic software and bioinformatic tools applied to omics), 2) molecular biology techniques applied to protein/microbial nucleic acids analysis (extraction, quantification, gel electrophoresis, purification by chromatography, Q-PCR), 3) Immunoassays (western blot, immunohistochemistry, ELISA), considering the manipulation of human biological samples.

In the event of a tie between candidates during the selection process, this argument may be used to select the candidates.

Evaluation criteria:

Through the analysis of the application documents the evaluation criteria for the applications and their relative weight for ranking are as follows:

1. Master academic degree grade - 25%;
2. Proven experience in metagenomic (microbiome) analysis - 20%;
3. Experience in proteomic analysis - 20%;
4. Experience in immunoassays - 20%;
5. Work experience in a scientific research laboratory - 10%;
6. Published scientific articles in the field of knowledge - 5%.

The selection committee reserves the right to contact and interview candidates if additional information or clarification of any curricular aspect is necessary. In case it takes place, the interview aims to evaluate in more detail the curricular items used to grade the candidate according to the list above.

In the event that no applicant has the necessary profile, the selection committee reserves the right to close the call without any recruitment. In the event that the selected person does not take up the position because of failure to comply with documentary requirements or any other reason, or later during the contract if they resign, the jury reserves the right, upon convenience and opportunity, to assign the post to the next applicant in accordance with the ranking positions based on the selectable reservation list that can be used up to 5 months of the date of the present announcement.

Fellowship conditions: The fellowship will have a duration of 5.5 months, eventually renewed for additional periods up to the end of the project and is expected to start from July 2022. The fellowship must be carried out under an exclusivity regimen, according to the FCT Fellowship Regulation (RBI) and of the CCMAR fellowship regulations (see [here](#)) based on the Portuguese law 40/2004, of 18 of August (Scientific Research Fellowship holder statutes) amended by the Decree-Law 123/2019 of 28 of August. A maintenance allowance of 1144.64€ will be paid monthly, through bank transfer, and will be updated as stipulated by the Foundation for Science and Technology (see [here](#) <https://bit.ly/2ZcxUGJ>).

Application period: from 22th of April 2022 to 10th of May 2022 at 23:59 (Lisbon time, Portugal).

Application process and mandatory documents:

Complete applications must be submitted online at <https://www.ccmар.ualg.pt/list/job> and must include:

1. a motivation letter (in English);
2. a detailed Curriculum Vitae (in English);
3. a copy of the Master degree Certificate with the final classification in the Portuguese scale (if awarded by a Portuguese Higher Education Institution) or a copy of the certificate of recognition of the Master degree with the final classification in the Portuguese scale by a Portuguese Public Higher Education Institution or by DGES – Directorate General for Higher Education (if the degree was awarded by a foreign University).
4. the complete declaration of honour, available from the application platform, if they are unable at the time of application, to provide a copy of the Master degree certificate with the final classification in the Portuguese scale (if awarded by a Portuguese Higher Education Institution) or a copy of the certificate of recognition of the Master degree with the final classification in the Portuguese scale (if the degree was awarded by a foreign University), as indicated above;
5. the email contact of up to 3 referees.

Non-compliance with these documents/information determines the immediate rejection of the application.

Results and Preliminary Hearing: The admission and evaluation results will be communicated by email within 90 working days after the application deadline. After notification, candidates have 10 working days to contest the preliminary decision.

Candidates holding degrees awarded by a foreign university should have their degree recognized in Portugal no later than the date indicated in the communication of selection for the position. Non-compliance justifies exclusion from the procedure. Information about the recognition procedures can be obtained at any Portuguese public higher education institution or by Directorate General for Higher Education – DGES (here <https://bit.ly/3afyQQU>). CCMAR Board of Directors reserves the right to extend

	CENTRO DE CIÊNCIAS DO MAR DO ALGARVE	IP.CCM.008
	Anúncio de Bolsa	REV.: 02
		PÁG: 5 de 6

the aforementioned period, at the request of the candidate and if it does not negatively impact the fulfillment of the work plan.

Selection Committee: Dr. Liliana Anjos Guerreiro, auxiliary researcher at UALG/CCMar (president), Professor Dr. Deborah Power group leader and full professor at UALG/CCMar (member), and Dr. Patrícia Pinto researcher at UALG/CCMAR (member).

Notes:

Hiring Documents

After the candidate is selected and for the hiring purpose the following documentation/information will be requested:

- proof of the enrolment (Certidão de inscrição/matrícula) from the Academic Services in a non-academic degree course (in accordance with the declaration on honour).
- If applicable, copy of the master degree (if awarded by a Portuguese Higher Education Institution) with the final classification.
- If applicable, certificate of recognition of the master degree by a Portuguese Public Higher Education Institution or by DGES – Directorate General for Higher Education (if the degree was awarded by a foreign University) with the final classification in the Portuguese scale.
- Declaration of commitment stating the exclusivity regime.
- Civil, fiscal and social security Identification (if applicable)
- Account Number – IBAN
- Ciência ID: <https://www.ciencia-id.pt/CienciaID/HomePage.aspx>
- If applicable, a statement from the candidate saying that does not exceed, with the conclusion of the present fellowship contract, an accumulated period of two years in this type of fellowship, consecutive or otherwise.
- Proof of country of residence, residence authorization, or other document legally equivalent, if applicable, in force at the time of fellowship start date.

Fellowship Agreement model

After the candidate selection and all information is received, it will be signed a fellowship agreement in accordance with the model [here](#)

Fellowship holder Assessment

At the end of each period of duration of the fellowship contract, the activity developed by the fellowship holder will be evaluated by the supervisor, by applying the following criteria, in accordance with the model below.

Criteria 1 - Compliance with the activity plan (30%)

Criteria 2 – Technical and scientific performance (30%)

Criteria 3 – Development of scientific activity reports/scientific papers and participation in knowledge transfer activities (20%)

Criteria 4 – Responsibility and assiduity (20%)

Supervisor report model [here](#)

Fellowship holder report

By the end of each fellowship period the fellowship holder must present a report. You can find the fellowship holder final report model [here](#)

The board of Directors reserves the right, due to a change in circumstances at the date of the present announcement, to cancel the present call without any recruitment.

Disabled candidates shall be preferred in a situation of equal ranking, and said preference supersedes any legal preferences. Candidates must declare, on their honour, their respective disability degree, type of disability and communication / expression means to be used during selection period on their application form, under the regulations above.

CCMAR's non-discrimination and equal access opportunities policy – No candidate can be privileged, benefited, jeopardised or be deprived of any right or exempt of any claim in regards to descendent, age, gender, sexual orientation, marital status, economic situation, origin, social economy, genetic heritage, disability, chronic disease, nationality, ethnicity, territory of origin, language, religion, politics, ideology or union membership.
